ICICOM

4th International Conference on Computational Intelligence and Communications (CICom 2024)

CALL FOR PAPERS

December 26-27, 2024 | Paris, France

Submission Deadline **September 01, 2024**

Scope

Computational intelligence is a computer science field by which a computer can learn a specific task from data or experimental observation. It addresses complex real-world problems in which mathematical or traditional modeling is not the preferred solution given that (i) the involved computational process might be too complex for mathematical reasoning; (ii) it might contain some uncertainties during the process, or (iii) by nature, the computational process is a randomly determined one (heuristic). The 4th International Conference on Computational Intelligence and Communications (CICom 2024) provides solutions to various problems of this nature.

We are pleased to invite you to submit your paper to CICom 2024. Submissions should be in English, following the Springer formatting guidelines.

Tracks

- ✓ Computational Intelligence in Automation, Control, and Intelligent Transportation System
- ✓ Computational Intelligence on Big Data, Internet of Things, and Smart Cities
- ✓ Computational Intelligence on Wireless Communication Systems and Cyber Security
- ✓ Computational Intelligence on Human-Machine Interfaces and Recognition

Publication

All registered papers will be submitted for publishing by **Springer** and made available through SpringerLink Digital Library.
Proceedings will be submitted for inclusion in leading indexing services, Ei Compendex, Web of Science, Scopus, CrossRef, Google Scholar, DBLP.

Important Dates

1. 1ST SEPTEMBER, 2024
   Full paper deadline
2. 15TH OCTOBER, 2024
   Notification deadline
3. 15TH NOVEMBER, 2024
   Camera-ready deadline
4. 26-27TH DECEMBER, 2024
   Conference dates
